Summary

Computer Science undergraduate with strong problem-solving skills and expertise in Data Structures and Algorithms. Experienced in building scalable full-stack applications using the MERN stack, with a focus on backend development and efficient system design.

Education

B.V. Raju Institute of Technology, Narsapur, Medak

B.Tech in Computer Science Engineering

GPA: 9.13/10.0

Aug 2023 – Present

Telangana State Residential Junior College , Pochampad

Intermediate Education

Percentage: 98.3

2021 - 2023

Skills

- **Programming Languages** — Java
- **Web Technologies** — HTML5, CSS3, Bootstrap, JavaScript, React.js, Node.js, Express.js, RESTful APIs
- **Databases** — MySQL , MongoDB (Basic)
- **Tools & Platforms** — Git, GitHub, VS Code
- **Core Concepts** — Data Structures & Algorithms, Object-Oriented Programming
- **Computer Science Fundamentals** — Database Management Systems, Operating Systems

Projects

AI-Based Internship Recommendation System

github.com/PushkarVarma/InternMatch-AI

- Built an AI-powered internship recommendation system using NLP (Sentence-BERT) and cosine similarity for resume-to-job matching.
- Designed a hybrid recommendation engine with behavior-driven personalization (clicks, impressions) to improve relevance.
- Developed secure REST APIs with JWT-based authentication, role-based access control, and efficient CRUD operations.
- **Tech Stack:** MERN (MongoDB, Express.js, React.js, Node.js), NLP, JWT, REST APIs, Axios, Git

HealthCare API

github.com/PushkarVarma/healthcare-api

- Developed responsive frontend interfaces using HTML and CSS for accessing and visualizing healthcare data.
- Implemented role-based access control (RBAC) at the UI level to manage user-specific views securely.
- **Tech Stack:** HTML, CSS, JavaScript

Weather Forecast Application

github.com/PushkarVarma/Weather_App

- Built a responsive web application to fetch and display real-time weather data using public APIs.
- Implemented location-based search and handled API errors to improve user experience.
- **Tech Stack:** HTML5, CSS3, JavaScript

Certifications and Achievements

- **NPTEL** — Data Structures and Algorithms using Python, Soft Skills
- **Cisco Networking Academy** — Programming Essentials in C++
- **AWS Training and Certification** — Fundamentals of Machine Learning and Artificial Intelligence
- **Infosys Springboard** — Introduction to Cloud Computing, Basics of Python, Python Foundation
- **GeeksforGeeks** — JavaScript, React.js

Soft Skills

Problem solving, Team collaboration, Communication, Time management, Quick learner
